RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: The purpose of this rulemaking is to incorporate by reference an addition and a modification to 40 CFR Part 745 into Rule R307-840. The rule addition to be incorporated allows the Division of Air Quality Lead-Based Paint Program primacy over administration of the federal Lead-Based Paint Pre-

Renovation Education Rule in Utah. The modification provides additional procedural guidance to lead-based paint abatement contractors and lead-based paint training providers on notifying the Division of regulated lead-based paint activities performed in Utah.

SUMMARY OF THE RULE OR CHANGE: The Air Quality Board is proposing to incorporate by reference an addition and a modification to 40 CFR Part 745 into Rule R307-840. The rule addition to be incorporated is 40 CFR Part 745, Subpart E, "Lead; Requirements for Hazard Education Before Renovation of Target Housing" which was originally published in the Federal Register on June 1, 1998 (63 FR 29907). This provision is already federally enforceable; the effect of this rule change is to allow enforcement of these standards by the state of Utah. The rule modification proposed for adoption is 40 CFR Part 745, Subpart L, "Lead; Notification Requirements for Lead-Based Paint Abatement Activities and Training" which was originally published in the Federal Register on April 8, 2004 (68 FR 18489). This modification provides additional procedural guidance to lead-based paint abatement contractors and lead-based paint training providers on notifying the Division of regulated lead-based paint activities performed in Utah.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Subsection 19-2-104(1)(a)

THIS RULE OR CHANGE INCORPORATES BY REFERENCE THE FOLLOWING MATERIAL: 40 CFR Part 745, Subpart E, "Lead; Requirements for Hazard Education Before Renovation of Target Housing;" and 40 CFR Part 745, Subpart L, "Lead; Notification Requirements for Lead-Based Paint Abatement Activities and Training"

ANTICIPATED COST OR SAVINGS TO:

❖ **THE STATE BUDGET:** The Division of Air Quality Lead-Based Paint Program will receive additional grant funding from EPA that will cover 100% of the cost of administering the Lead-Based Paint Pre-Renovation Education Rule outlined in 40 CFR Part 745, Subpart E. The proposed modification related to 40 CFR Part 745, Subpart L is a clarification of established procedures. Because no additional requirements are being proposed, there are no anticipated costs to the state budget.

❖ **LOCAL GOVERNMENTS:** 40 CFR Part 745, Subpart E was originally published in the Federal Register on June 1, 1998 (63 FR 29907). This provision is already federally enforceable; the effect of this rule change is to allow enforcement of these standards by the state of Utah. The proposed modification to 40 CFR Part 745, Subpart L is a clarification of established procedures, and no additional requirements are proposed. Therefore, there are no anticipated costs to local governments.

❖ **OTHER PERSONS:** 40 CFR Part 745, Subpart E was originally published in the Federal Register on June 1, 1998 (63 FR 29907). This provision is already federally enforceable; the effect of this rule change is to allow enforcement of these standards by the state of Utah. The proposed modification to 40 CFR Part 745, Subpart L is a clarification of established procedures, and no additional requirements are proposed. Therefore, there are no anticipated costs to other persons.

COMPLIANCE COSTS FOR AFFECTED PERSONS: 40 CFR Part 745, Subpart E was originally published in the Federal Register on June 1, 1998 (63 FR 29907). This provision is already federally enforceable; the effect of this rule change is to allow enforcement of these standards by the state of Utah. The proposed modification to 40 CFR Part 745, Subpart L is a clarification of established procedures, and no additional requirements are proposed. Therefore, there are no anticipated costs to affected persons.

COMMENTS BY THE DEPARTMENT HEAD ON THE FISCAL IMPACT THE RULE MAY HAVE ON BUSINESSES: Because businesses are already subject to regulations in 40 CFR Part 745, Subpart E, which is being proposed for incorporation by reference in Rule R307-840, no additional fiscal impact is anticipated. In addition, the proposed modification to Rule R307-840 helps clarify existing procedures. Therefore, no anticipated fiscal impacts are expected for businesses. Dianne R. Nielson, Executive Director

RULE ANALYSIS

PURPOSE OF THE RULE OR REASON FOR THE CHANGE: It is proposed that "Kawasaki syndrome" be removed from the list of reportable conditions in the Communicable Disease Rule, and that "Influenza, laboratory confirmed" be replaced to require reporting of hospitalized influenza cases only. The reason behind this proposal is that Kawasaki syndrome is a syndrome rather than a disease, and identification and reporting of this syndrome is difficult and poses a significant burden for medical providers. Further, the public health role in managing cases of this syndrome is not clear. This syndrome is not a nationally-notifiable disease. Decreasing the reporting burden for influenza from requiring report of all laboratory-confirmed cases to hospitalized cases only will significantly reduce the amount of cases that must be reported. Characterization of the influenza season is supplemented by other surveillance methods so this change will not impact the ability of the Department of Health to monitor and characterize trends over time. Influenza is not a nationally-notifiable disease. Requirements for the treatment and release from supervision for Typhoid patients are clarified to meet current practice standards.

SUMMARY OF THE RULE OR CHANGE: The changes in the Communicable Disease Rule include removal of one reportable condition (Kawasaki syndrome) and modification of another (influenza, laboratory-confirmed) that will result in decreased reporting requirements for health care providers and laboratories. Requirements for the treatment and release from supervision for Typhoid patients are clarified to meet current practice standards.

STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS RULE: Sections 26-1-30 and 26-6-3, and Title 26, Chapter 23b

ANTICIPATED COST OR SAVINGS TO:

❖ THE STATE BUDGET: There will be a small, unquantifiable savings in resources used to track and monitor these diseases.

❖ LOCAL GOVERNMENTS: There will be a small, unquantifiable savings to local health departments in resources used to track and monitor these diseases.
